in the Cirrus SR20 G6

At Scottsdale Executive Flight Training, you only pay for what you actually use.

No bundled costs, no surprises—just a straightforward, cost-effective way to fly at your own pace. Fly smart, train efficiently, and get the most value in our well-maintained aircraft.

The lowest costs in Scottsdale!

This cost estimate assumes the minimum flight hours required by FAA Regulation. It should be noted that it is not common to complete your training within these times. Most students will complete their goals between 50-65 hours.

The cost of fuel is subject to change at any time and will match our provider's retail fuel cost.
